length: **7' 10"** | width:**26"** | cockpit size: **18.75" x 33.25"** | volume: **70 gal.** | rocker bow/stern: **10" / 8.75"** | weight: **40 lbs.**

Hoss is a river runner for the paddler sized between 160 and 240 lbs. It is easy to paddle downstream and easy to roll. We took the tried and true qualities of our creek boats and joined them with a playful hull design that allows any paddler to surf, spin and carve on waves while also paddling the river confidently. The Hoss is like the brother that you always want looking out for you. Hoss is the big brother that will take you under his wing and if you need a smaller friend, Lil' Joe is the same reliable brother just in a smaller package.

FEATURES

- **Performance planing hull: Surf-tastic playboat performance on waves allowing for quick easy spins**
- **Arched deck and side walls: Makes the boat easy to roll and easy to paddle**
- **Elevated release edges: Forgiving control and ease of paddling**
- **Black Diamond rescue/security bars: Light weight, super strong and ergonomically positioned for easy swimmer rescue**
- **Stiffy Hull system: Stiffness, control and durability**
- **Adjustable bulkhead: Maximum comfort and total control**
- **Flex Capacitor backband: Comfort adjustment, absolutely the best**
- **Bucket Hand Hold on bow: Easy grip hand holds for T-Rescues**
- **Newly designed seat with waterbottle holder: More comfort and control**
