

length: **14'1"** | width:**28"** | cockpit size: **7' 2" x 21.5"** | capacity: **425 lbs.** | weight: **68 lbs.**

The Zirconia features a performance recreational hull design that glides like no other double on the water. The full length keel provides superb tracking, and the faceted hull design carves a turn with a slight lean of the team. The full featured seats are ergonomically designed for comfort and adjustability during a full day's outing on your favorite body of water. With graceful lines and generous capacity, this uniquely styled tandem provides all the effortless motion, amenities, and therapy any couple needs.
